**'A BETTER WAY'**

## Roof Extenda Weather Seal

(NEW DESIGN—now replaceable)

Top of cone is pre-cut to suit Roof Extenda Brackets.

Installing Weather Seal saves time and labour.

No special tools required.

Use Neutral Cure Silicone to bond Weather Seal to roofing material.

The surface must be clean and dry.

Mk11 Bracket Must be fixed to the rafter as well as the wall top plate.

**Base: 160mm x 160mm**
